

IRTRONIX dba Euri Lighting and COVID-19

Due to the growing concerns surrounding the COVID-19 situation, we have implemented various precautionary measures to ensure the safety of our employees and partners. We are encouraging any employee who is sick or exhibits any symptoms of COVID-19, or has been in contact with a sick individual to remain at home to help prevent the transmission of the virus. We have also increased our cleaning services in high-traffic areas to maintain a clean and safe working space. All products and shipments are being handled by healthy employees.

Our team is closely monitoring any updates provided by the World Health Organization (WHO) and Center for Disease Control and Prevention (CDC). We are keeping our employees well-informed by posting guidelines in each department and communicating updates via email and phone.

These precautions will ensure that our business remains open and fully functional.

The health and safety of our employees and partners is our top priority. Do not hesitate to reach us at 310-787-1100 or info@eurilighting.com. Rest assured our employees are ready to help you should you have any questions or concerns. We stand with you during this time of uncertainty and concern.
